This is a guide to using myths and ancient deity archetypes for astrological chart interpretation.

There are many methods of predicting sports results with astrology. Here are some that work. Journey with a student as he makes his voyage towards knowledge at the feet of a Master Astrologer. With the assistance of his pet raven and a bad-tempered yak, the Master leads him - and you - step by step through the analysis of over 60 charts, covering a wide range of sports. This detailed engagement with the practice of chart judgement is unique in astrological writing, making this book invaluable not only to sports fans, but to anyone with an interest in predictive astrology.

Enter a new dimension of spiritual self-discovery when you probe the mythic archetypes represented in your astrological birth chart. Myth has always been closely linked with astrology. Experience these myths and gain a deeper perspective on your eternal self. Learn how the characteristics of the gods developed into the meanings associated with particular planets and signs. Look deeply into your own personal myths, and enjoy a living connection to the world of the deities within you. When you finally stand in the presence of an important archetype (through the techniques of dreamwork, symbolic amplification, or active imagination described in the book), the god or goddess will have something to tell you.

Jacques Dorsan was the leading pioneer of sidereal astrology in France. Using more than eighty sidereal horoscopes, this book illustrates Dorsan's clockwise house system. Most of the charts are from the original French edition, with many more added in this edition. The book embodies one of the most important astrological discoveries of twentieth and twenty-first centuries. Astrology normally views the twelve houses in astrology in a counterclockwise direction, the direction of the zodiac signs. According to Jacques Dorsan, however, we should view them in a clockwise direction. Traditionally, Western astrologers have interpreted the houses as though they rotate in the same, counterclockwise direction as the zodiac signs. According to Jacques Dorsan, however, the houses are enumerated in a clockwise direction, following the daily diurnal motion of the Sun, for example. By using the clockwise house system together with the sidereal zodiac, everything suddenly falls into place astrologically when looking at a horoscope. This key unlocks the mystery of the horoscope. Thanks to Jacques Dorsan, we finally have access to a true form of astrology--based on the sidereal zodiac and utilizing the clockwise house system--enabling a giant leap forward in the practice of astrology. It allows us to recover the original astrology. This is possible today because of Rudolf Steiner's indications, as well as the research of the French statistician Michel Gauquelin, who investigated hundreds of thousands of horoscopes and confirmed that the astrological houses run in a clockwise direction. This English translation includes more than eighty charts, both those in the Jacques Dorsan's original work in French and more added by the editor of this edition. The clockwise house system is applied in this book using sidereal horoscopes. It can just as easily be applied using tropical horoscopes. The Clockwise House System is an invaluable addition to the literature of modern astrology, allowing open-minded readers a unique and profound look at the new and limitless possibilities of this powerful tool of spiritual growth and understanding. This book is a translation from French of *Le véritable sens des maisons astrologiques* Éditions du Rocher, Monaco, 1984.

Whether the question be on love, career, illness - or predicting the weather for a barbecue, this clear and comprehensive guide by a modern master of horary shows you how to answer it. The first edition of this book quickly established itself as a classic of astrological teaching. Now this master of the craft shares his deepening understanding, bringing what he has learned in the intervening years of teaching and practice to clarify, expand upon, and correct the original text. With the wit and lucidity that characterise his writing, the author guides all from beginners to seasoned practitioners to the very heart of horary astrology. "Frawley's prowess as a horary astrologer is awesome." - The Mountain Astrologer.

Most of what is published about astrological relationships covers the same ground. We've all read that Libra gets along well with Leo, Aries is bound to clash with Capricorn, Pisces and Scorpio are natural lovers, and so on. It all sounds like a pretty well worn formula, but there's one problem-- people are not that simple, and neither are relationships! *Astrology & Relationships* takes a much more satisfying path, showing how astrology can help you improve all of your relationships. It addresses the complexities of real relationships by revealing the essential nature, needs, strengths, and challenges of every combination. Then it takes the unique step of offering exercises that will help you manifest the true potential that exists between each of the signs. This book emerged from actual experiences between a practicing professional astrologer and the thousands of people he has worked with. The ideas and exercises included within have been tried, tested, and refined so that they can be integrated into daily living. The program presented in this book has been proven to work--not just in theory, but in real life.
